

PHILANTHROPY AT WORK

ROBOTICS TEAM HEADS TO NATIONAL CHAMPIONSHIP

When a Betty H. Fairfax High School teacher wrote to the Arizona Community Foundation asking for help in raising \$10,000 to send the new Laveen school's Robotics Team to the 2009 FIRST Robotics Competition in Atlanta, the ACF staff couldn't think of a better way to both support this great achievement and honor one of its longtime donors, Betty H. Fairfax, the school's namesake. Two of ACF's component funds, the Dolores Miller Fund and the David & Warren Lueth Brothers Foundation, stepped up with the \$10,000. These donors were moved by Betty Fairfax's life of service, her commitment to education, and especially the scholarship fund she and her sister Jean created upon the school's opening in 2007 to assist its graduates with higher education costs. They were proud to honor Betty's legacy and support the students in this most impressive achievement.

A ARIZONA GRANTMAKERS FORUM is a statewide membership association which provides educational resources, research and networking opportunities for grantmakers in Arizona. To learn more, go to www.azgrantmakers.org.
