

PHILANTHROPY AT WORK

MAKING THE COLLEGE DREAM A REALITY

Arizona College Scholarship Foundation is opening the door to college and university opportunities for Arizona's brightest students who simply cannot afford the cost of a college education. ACSF is helping to level the playing field for high potential, low income students by making post-secondary education accessible while surrounding them with the resources and support they need to succeed.

In addition to providing privately-funded scholarships, ACSF supports the success of students throughout their college experience. Each student is provided with a staff coach as well as on-campus and peer mentors who track their process, help them navigate the system and ultimately increase their chances of successfully completing their chosen program. Due to this unique, hands-on scholarship model, 94% of the ACSF scholars stay in school to complete their degree program.
